NJESA is Offering Two NTS Courses

Level 1 Certified Alarm Technician Course

July 23 – 25, 2019 / 9:00am – 5:00pm

Course Description: This 22-hour course presents an overview of the theory, installation and maintenance of alarm systems, basic electricity, standards, perimeter detection, space detection, fire systems, control panels, communications, CCTV, job planning, and false alarm prevention.

By the end of this course, students will have an understanding of the industry and their role within it, understand the importance of codes and standards and how to locate them and apply them, be able to define basic installation procedures, and compare the underlying technology behind the various security system tools and equipment.

Instructor: John Luzzo

Who Should Attend: Technicians, service personnel, installation personnel, sales staff, and business owners

Cost: \$495 members / \$595 nonmembers (includes 400-page manual, breakfast, and lunch)

CEU credits: THIS COURSE HAS BEEN APPROVED by The NJ Division of Consumer Affairs – Fire Alarm, Burglar Alarm and Locksmith Advisory Committee FOR A TOTAL OF 22 TECES CREDITS OF CONTINUING EDUCATION CREDITS

Advanced Intrusion Systems Course

July 16 -17, 2019 / 9:00am – 5:00pm

Course Description: This 14-hour course, followed by a two-hour examination, is an advanced look at the design and installation of intrusion systems. Students learn how to select and install proper equipment in a variety of intrusion system applications. The course provides basic electronics instruction and how it pertains to system design, component selection and troubleshooting, as well as information on system testing, commissioning and project management.

- System power
- Input and output
- Networking and Communication
- Advanced systems and devices
- Testing and commissioning
- Project management
- Residential and commercial sensor application

Advanced Intrusion Systems will provide individuals with the knowledge and skills to:

1. Select and apply sensors, control panels and communication devices to provide effective intrusion detection
2. Take technical knowledge and skills in intrusion detection to the next level, qualifying students for valuable advanced credentials

Subject Areas

- Practical application of electronics
- Practical application of controls

Instructor: Ken Nelson

Who Should Attend: Technical staff (installation, service, and maintenance), sales personnel, business owners, law enforcement, fire service, code officials, anyone seeking an advanced understanding of intrusion systems

Cost: \$395 members / \$495 nonmembers (includes 275-page manual, breakfast, and lunch)

CEU credits: THIS COURSE HAS BEEN APPROVED by The NJ Division of Consumer Affairs - Fire Alarm, Burglar Alarm and Locksmith Advisory Committee FOR A TOTAL OF 14 TECBA CREDITS OF CONTINUING EDUCATION CREDITS.
